

## How to get yourself to God

The men are in need of God in order to have a spiritual essence that's return to forever to give an account of the works carried out in the face of the Earth. Let's look at a verse that tells this situation.

**Amos 8:11**

***Behold, he is coming days, saith the Lord God, that I will send famine on the land; no hunger bread, nor a thirst for water, but of hearing the word of the Lord.***

It has been shown that the man has need of God being forced to pick him up at all times of life, because one day in eternity each will be in your presence. As for those who were faithful, will inherit the generous treasures that he prepared since the beginning of the creation. The best way to get to Lord's have a life in humility with the broken heart for sin, which provides an ineffable happiness in God.

**Salmo 34:18**

***Nearby is the Lord of those who have a broken heart and save the downtrodden spirit.***

Broken in the Biblical sense to say: A Heart-Weakened, down in relation to sin. When the man track down that road, it turns out the humility and consequently all the virtues of the Kingdom of heaven start to flow into your life. Then the human being is subject to the Lord, becoming a spiritual being of notoriety to you about.

The book of James does mention this virtue.

**James 4:7-8**

***07-submit yourselves therefore to God; but resist the devil and he will flee from you.***

***08-draw nigh to God, and he will draw nigh to you. Cleanse your hands, sinners; and you who are of animo bend, cleanse your heart.***

This is how we must act because human indifference is happening because: "**we want a God who can give**". When in fact we should get: "**A God who can do**".

Just want a God to ask, ask and ask infinitely; never a man who can change when material and spiritual misery. Are true parasites.

**30:15-16 sayings**

***15-the leech has two daughters, namely: Da, Da.  
16-there are three things that never get enough; Yes four that never say: enough!***

***They are grave, the mother barren, land that can't get enough of water and fire, you never say: enough!***

The natural man is well connected with this text, so that wish to explore the Lord thinking that can manipulate or intimidate the creator of the universe. We have to put him first in all our projects and never forget to thank for all the benefits received from above.

***James 4:7-8***

***07-submit yourselves therefore to God; but resist the devil and he will flee from you.***
